REQUIREMENTS FOR THE 2014 SEASON

No mare will be covered unless we have the following:

1. A signed contract and complete mare detail sheet on file in our office.
2. Mare markings: Mare's passport or a copy of it.
3. A certificate confirming a NEGATIVE clitoral swab for CEM, Pseudomonas and Klebsiella Taken after 1st January 2014.
4. A certificate confirming a NEGATIVE cervical swab taken on or after 1st January 2014.
5. Irish & English mares require a NEGATIVE or stable EVA blood certificate from a recognised laboratory taken after 1st January 2014.
Mares from continental Europe or mares which have been in recent contact with horses from continental Europe require a NEGATIVE or stable EVA blood certificate taken prior to departing their country of origin and one from an Irish laboratory following the mare's arrival in Ireland.
6. No EIA test is required from mares arriving from Ireland & the UK unless the mare has been outside Ireland or UK since 1st January 2013, in which case one negative test for EIA must be taken after 1st January 2014 before arrival to Rathbarry.
All mares and foals originating from OUTSIDE the UK & IRELAND will require a NEGATIVE blood test for EIA taken no more than 14 days prior to arrival in this country.

If you intend to walk in your mare for covering we would be grateful if you notify us when she comes into season and keep us updated on her progress thereafter.

Arrival and departure of every mare must be notified **in advance**. If you wish your mare checked by the vet on her day of arrival please have her at Rathbarry Stud **before noon**.

All in-foal mares should be vaccinated for Virus Abortion (EHV 1,4) in the 5th, 7th & 9th month of pregnancy and should also be vaccinated for Tetanus.

All mares and foals must arrive with secure headcollars with their names clearly marked on them.
